U.S. Will Reject New Proposal Made By Russia

Term Bid For Big Four Conference Is Propaganda Move

By JOHN A. REICHMANN
(U. N. Staff Correspondent)

WASHINGTON, Nov. 4.—The United States today is preparing to reject as Communist propaganda Russia's surprise bid for a Big Four foreign ministers' conference to discuss the unification of Germany.

The Russian invitation, delivered by acting Russian Foreign Minister Andrei Gromyko last night to Ambassador Alan G. Kirk and the Moscow emissaries of Britain and France, contained the German solution proposed in the Soviet bloc Prague declaration, October 21.

While the Prague manifesto called for reunion of East and West Germany and the neutralizing of German war potential, a State Department spokesman dubbed the conference invitation a propaganda maneuver to lure world attention away from Korea.

Austrian Treaty First
Department spokesman Michael McDermott said that before the United States would consider a German solution, the big four ministers must resume their abandoned efforts at an Austrian peace treaty.

"We have met the Russians on all points," he added, "and still are unable to get them to agree on an Austrian peace treaty. That is the first business that must be disposed of before the German question can be taken up."

Diplomatic sources scented a Russian eagerness to distract attention from charges that Chinese Communist divisions are fighting

Local Voters Preparing To Cast Ballots Tuesday

New Castle and Lawrence county voters will go to the polls on Tuesday, November 7, to register their choice for national and state officers.

There has been no overall issue in the campaign that has been centered on in the various contests, and wars and rumors of wars, rising prices and domestic disturbances may have distracted the average voter's attention from the fact that Tuesday is election day.

There is little indication as to the probable percentage of the vote that will be cast. Predictions vary from a light vote to one that will be unusually heavy. Registration was heavier this year than for some years past.

Eight Parties
There are eight parties upon the ballots which will be handed to voters next Tuesday. Of these the Republican and Democratic parties will poll most of the votes.

A scattered vote will likely be registered by the following parties which are on the ballot: Prohibition, G.I.'s Against Communism, Industrial Government, Militant Workers, Progressive and Socialist. None of the six have full tickets, one of them the Militant Workers Party having candidates only for United States Senator and Governor.

The Tickets
The Republican ticket has the following candidates: United States Senator, James H. Duff, Judge of the Supreme Court, John C. Bell, Jr.; Governor, John S. Fine; Judge of the Superior Court, Blair F. Gunther; Lieutenant-Governor, Lloyd H. Wood; Congress, Louis E. Graham; Secretary of Internal Affairs, William S. Livenood; Representative in the General Assembly, first district, Robert (Continued on Page Two)

Hunt Missing Indian Plane With 47 Aboard

LYON, France, Nov. 4.—(INS)—Three planes of the U. S. Air Force in Europe joined today the search for a missing Indian Air-liner with 47 persons aboard which may have crashed into the towering Alps.

The planes, based in Germany, circled the area 70 miles south of Geneva, Switzerland while ski patrols resumed their hunt for the Constellation plane carrying 40 East Indian seamen and seven members of the plane's crew.

Bombay To London
The aircraft was on the Cairo-to-Geneva leg of a flight from Bombay to London, when it last reported its position over Volon, 20 miles northwest of Grenoble.

The four-engine sky giant was battling a 55-mile-per-hour headwind and was east of its normal route and in danger of crashing into one of the Alpine mountain-sides.

The plane, owned by Air India, was on a chartered flight. (Air India announced in London that the next of kin have been informed.)

TENTATIVE AGREEMENT
PITTSBURGH, Nov. 4.—(INS)—A tentative agreement covering 19,000 workers in 20 Westinghouse Electric Corporation plants, will be submitted to the conference board of the unaffiliated United Electrical Workers Union next Tuesday in New York.

Agreement was reached between union representatives and corporation officials last night in Pittsburgh, but details were not made public.

Probe Murder Of Michigan Woman

ST. JOSEPH, Mich., Nov. 4.—(INS)—State police questioned a foundry worker and the victim's brother-in-law today in the slaying of an attractive young mother whose nude, bound body was found in a creek behind her rural home near St. Joseph.

Berrien county authorities said 21-year-old Mrs. Dorothy Kelm, mother of a two-year-old son, apparently was strangled after a bitter struggle in her home and her body dragged to the creek.

Dr. Robert J. Frost, pathologist at St. Joseph Hospital, said a preliminary examination showed "no evidence of rape" and indicated death was due to strangulation, not drowning.

President To Speak Tonight At St. Louis

Truman Is Flying West To Deliver Political Speech

By ROBERT G. NIXON
(U. N. Staff Correspondent)

WASHINGTON, Nov. 4.—President Truman tonight will pin his nationwide appeal for a Democratic sweep on a charge that the Republicans "aided and comforted" Russia in the worst moments of the cold war.

The President is fully expected to match the temper of the slambang mid-term campaign in his one and only formal contribution to it—a nationwide radio and television speech at 10 p.m. EST to-night from Kiel auditorium in his native state's metropolis, St. Louis.

"Make The Fur Fly"
White House aides who have read Mr. Truman's speech say he will "make the fur fly" in a two-fisted blast that will accuse the entire GOP leadership of putting Sen. McCarthy (R) Wis., up to his sensational charges of Communist infiltration of the United States government.

But poised with a thumping Republican rebuttal will be the perennial GOP presidential hopeful, Harold E. Stassen, who will follow the President on the air at 10:30 p.m., EST, from New Haven, Conn., on the nationwide facilities of the Mutual Broadcasting System.

Mr. Truman leaves Washington at 2 p.m. EST, in his private plane, the Independence, and will arrive at Scott Air Force Base, Ill., close by St. Louis, at 5:15 p.m., EST, (4:15 P.M., CST). He will then motor to his destination.

Increase Guard For President At St. Louis

ST. LOUIS, Nov. 4.—(INS)—Democratic party officials, secret service agents and St. Louis police prepared carefully today for President Truman's arrival in St. Louis to deliver his only political speech during the current election campaign.

The president is expected to arrive at Scott Air Force Base, Ill., across the Mississippi river from St. Louis, at 4:15 p.m. (CST). He will arrive at his hotel (Jefferson) in St. Louis about 5:15 p.m.

An advance secret service team and St. Louis police have devised cautious safeguards to protect the president during his overnight stay in St. Louis after Wednesday's assassination attempt in Washington.

The St. Louis police force's presidential guard has been doubled to 600 officers. In addition, all 21 of the city's police captains will be stationed close to the president and plainclothesmen will mingle with the crowd at Kiel auditorium, where the president will address a large Democratic meeting to-night at 9 p.m. (CST).

U.N. May Brand Red China As An Aggressor

Invasions By Red Troops May Cause U.N. To Take Action

By PIERRE J. HUSS
(U. N. Staff Correspondent)

FLUSHING MEADOW, N. Y., Nov. 4.—The branding of Communist China as an "aggressor" by the United Nations appeared probable today in view of mounting evidence that crack divisions of Chinese army regulars have been hurled into North Korea.

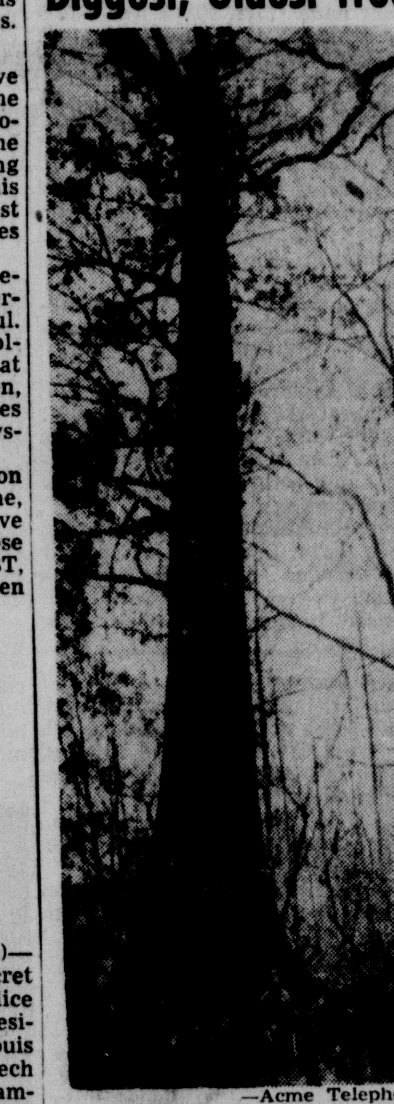

The U. N. must await an official report from Supreme Commander Gen. Douglas MacArthur confirming that Communist leader Mao Tse-Tung has sent Chinese troops across the border before it can act on condemnation of the Peiping regime.

An immediate consequence, however, is that the Tibet invasion and the apparent military intervention in North Korea have exploded all prospects in the foreseeable future for Communist China's admission to U. N. in place of Nationalist China.

Second Development
The second development is that Peiping's defiance of the U. N. is spreading pressure among delegates for cancellation of the Security Council's invitation to the Communists for participation of November 15 in discussion of Communist China's charges that the United States committed an aggression.

Biggest, Oldest Tree

MEMPHIS, TENN.—Is this the biggest and oldest tree east of the Rockies? Tennessee Game and Fish Commission officials believe it may be. The giant swamp cypress was located after months of search following a tip from a Kentucky publisher who had seen it. It stands 140 feet tall, is 68.8 feet in circumference, about 22 feet in diameter. Age estimated at perhaps 1,000 years. Giant cypress was found in a remote section of West Tennessee in Reelfoot Lake area near Tiptonville. It has a hole in the base of its trunk, 13 by 14 feet, big as a good sized room. It stands in four feet of water, which may have saved it from lumbermen. Natural catastrophe probably "topped" it, since such trees are known to have reached the height of 170 feet.

News From Korea May Have Some Effect On Election

By WILLIAM THEIS
(U. N. Staff Correspondent)

WASHINGTON, Nov. 4.—Political leaders are watching the news from Korea today for last minute effects of Communist Chinese-Korean counterattacks on the tempers of the nation's voters.

The sudden rally by the Red allies beloued at least temporarily the political advantage which administration Democrats believed they had gained from the United Nations sweep through North Korea.

Political lieutenants who do not normally believe elections are affected by events of the final two or three days, showed concern about the surprise Chinese Red intervention.

They noted that news of the fighting near the Manchurian border had been overshadowed by the assassination attempt on President Truman. Some observers felt the two grim events might balance.

Guard's Slayer To Be Given Speedy Trial

WASHINGTON, Nov. 4.—(INS)—The Puerto Rican Nationalist charged with the murder of White House guard Leslie Coffelt in the gun battle at Blair House Wednesday, Oscar Collazo, stands to get a speedy federal trial in Washington.

U. S. Attorney George Morris Fed had the case against Collazo will probably be presented to a grand jury next week. The expatriate Puerto Rican, wounded in the chest, is still in a capital hospital as are two other policemen killed in the affray.

Police said yesterday that it is almost certain that Collazo's accomplice, Grisello Torresola, killed Coffelt and died himself from the officer's bullet.

But under District of Columbia law, the party to a felony can be convicted of a murder committed in the act.

Police base their certainty that the dead men killed each other on the positions in which they were found and the course of the bullets.

To remove all doubt, they are making ballistic tests to determine which of the seven guns fired by the two would-be assassins and five guards carried the fatal bullets.

COPS HAD LAST LAUGH
PHILADELPHIA, Nov. 4.—(INS)—Love and thieves may laugh at locksmiths—but the cops had the last laugh today.

A thief picked the lock of the Loboda and O'Brien Locksmith shop shortly after midnight in Philadelphia.

A few minutes later two policemen strolled by, noticed the open door and walked into the shop. They arrested a suspect, who identified himself as Clyde Lewis, 32, of South Philadelphia, and charged him with stealing two dollars.

HIGH STEEL RATE
PITTSBURGH, Nov. 4.—(INS)—Steel mills in the Pittsburgh district operated at 105.4 per cent of rated capacity this week, and turned out the greatest tonnage of steel ingots in nearly three years. It was the highest since Jan. 3, 1948, when the mills produced at 105.8 of rated capacity. Schedules for next week indicate a slight decrease to 104.7 per cent.

Marines Battle Chinese Troops Hand-To-Hand

Victory Of Marines One Bright Spot In Dark Picture

By IRVING R. LEVINE
(U. N. Staff Correspondent)

SEOUL, Nov. 5.—(Sunday)—Veteran U.S. Marines rammed their way through fields littered with Communist dead in a drive toward Chosin reservoir today but an estimated 130,000 Reds forced back the United Nations' right flank in the northwest.

South Korean troops fell back under a renewed Communist counter offensive spearheaded by perhaps 50,000 Chinese Red army troops and were forced to give up the town of Wonni, five miles northeast of the key city of Kunuri.

Heavy Fighting
Eighth Army sources said heavy fighting was going on just south of Wonni and also to the west but that elsewhere on the First Corps' right flank the Republic of Korea (ROK) Sixth and Seventh divisions were holding.

The Marine veterans of the bitter fighting for Seoul cracked savage Chinese Communist resistance as tough as anything they have met in Korea to capture Suigong and continue toward Chosin reservoir.

The U. S. Seventh Army Division which landed on the east coast last month, reached a point west of Pungsan, 38 miles south of the Manchurian border.

Hand-To-Hand Combat
The Seventh Marine regiment claimed to have killed 790 enemy troops in two days of hand-to-hand combat. One Marine said "they are stacked up in the hills like cordwood."

While the 10th Corps rolled back the Reds in Central Korea, United Nations forces in the northwest were striving to establish a defense line along the Chongchon river in freezing weather.

The enemy's main striking force, which the Eighth Army admitted (Continued on Page Seventeen)

Funeral services, attended not only by the President and Mr. Truman but by cabinet members and a host of other dignitaries, were conducted in the Fort Myer chapel by the Very Rev. John W. Suter, dean of Washington Cathedral.

Arthur Mometer

I like my football often, I like it hard and clean. I like it when the air is brisk, the gridiron soft and green. I like it in the afternoon, I like it under lights, I like it when both teams come out full of the old school fight. But I confess when skies are damp and rain is falling fast, I do not like it near so much, my friends those days are past when I will sit through driving rain, to cheer the backs and line, I like my football when it's dry, the weather's forty-nine.

City Hall Budget Making To Be Resumed

Council May Know Budget Status By End Of Next Week

Council will resume 1951 budget compilation next week, and it is probable that, before the week expires, solons will know exactly what they propose to do, to raise sufficient money to operate and maintain the city government next year.

At present, estimated requirements of the city, call for an expenditure of \$957,294.15.

This amount does not include any provision for raising wages of city employees.

The annual payroll of the city is approximately \$675,000, hence a 10 per cent boost is granted, \$1,064,794.15, will be needed.

Forseeable from the wage tax in 1951, is only \$282,469, or two fifths of one per cent. The other three-fifths is payable to townships and the school board.

Although council proposes a 10 per cent amusement tax it is unlikely that more than \$60,000 can be raised from such a tax.

It has been indicated that, it may be necessary to levy 11 mills property tax, now 10 mills, which would be divided as follows:

Nine and three-eighths for general revenue; five eighths, for library purposes (which would be an increase) and one mill for debt service.

According to council reports the \$957,294.15 total includes nothing for capital outlay, or new equipment.

FIREMAN MAY RESIGN

After Safety Director R. I. Davis has council name a fireman, thus filling the fire department quota, Monday, he will be required to put on another fireman within 30 days, it having been reported that a fireman is ill and may request a disability pension.

EVACUATOR DEMONSTRATION

Fire Chief Herman Steinbrink announced today the Eastman

Evacuator will be demonstrated here November 9. It is a life-saver. It is a 35-foot long chute into which people from blazing buildings are placed after which they slide to the ground. It takes the place of a net into which people leap from buildings.

DOES NOT NEED HOSE

Safety Director R. I. Davis said the fire department has sufficient good hose for fighting fires next year. He has shelved his requests for five new firemen and a fire truck. He said that the B truck, 1928 model, is becoming aged. It answers every alarm in the city, he reported.

BUILDING PERMITS DROP

Construction permits, with the presence of fall and on-coming winter have slowed down according to Building Clerk Edward Longacre. Since November 1 he has been requested for only one permit that a block garage to be erected by C. E. Campbell, at 109 East Northview avenue.

RECEIVE BLOOD TESTS

City health laboratory swarms between 9 a.m. and 11 a.m. on week days with persons whose vocation is that of handling food, stuffs or beverages. After a blood test is made, it is analyzed and if found satisfactory, a health card is delivered by Sanitary Police-man George Kennedy to the worker.

Enon Couple Injured In Rochester Crash

A new 1951 sedan driven by Mrs. F. C. Stark of Enon Valley was almost completely demolished in a crash, Friday at Freedom, police of that city report. The car which contained Mr. and Mrs. Stark, was forced into a utility pole when side-swiped by an oncoming car.

Mr. Stark suffered lacerations inside the mouth and shock when his face struck the dashboard of the car. Mrs. Stark suffered a bad abrasion on the bridge of her nose and her glasses were broken in the impact. Both were treated at Rochester hospital and released.

The machine was forced off the road on Route 88 into the pole which was splintered badly. The entire front end of the car was crushed in and damages were estimated at \$900. The car had but 103 miles on its register.

PROCLAMATION

WHEREAS, the week of November 5-11 has been set aside as Education Week by the President of the United States and the Governor of this Commonwealth; and WHEREAS, the theme of the 30th observation of American Education Week should strike a responsive chord in the hearts of all patriotic citizens. WHEREAS, organized education does its part to make America strong. It builds knowledge and character and stimulates a desire to achieve good and eliminate evil from the world; and

WHEREAS, the schools of the Nation are a tremendous resource at all times. The idealism, courage and devotion of American youth comes from the homes, churches and schools of today.

NOW, THEREFORE, I, John F. Haven, Mayor of the City of New Castle, do hereby call upon the people of New Castle to visit their schools during Education Week. gression in assigning its Seventh Fleet to guard Formosa. The Communist delegation from Peiping is said to be enroute to the U. N. by way of Moscow. There is a possibility that Ecuador, which introduced the resolution in the Security Council to invite Peiping to the Formosa discussions, may propose a cancellation in Monday afternoon's council meeting.

It is a foregone conclusion that non-Communist countries in the Security Council which have recognized the Peiping government and voted for its admission to U. N.—Britain, Norway and possibly India—are now withdrawing their support in rebuke to Peiping for its defiance of U. N. and violation of charter provisions.

The United States reaffirmed in a U. N. committee yesterday that the policy of opposing Communist China's entry to U. N. will be continued. All but Yugoslavia and the Soviet bloc probably will swing in on the United States side as the result of events in Tibet and North Korea.

Record Turnout Likely

A record turnout of off-year voters is expected Tuesday, when the nation will fill 36 senate seats from 33 states, elect an entire house of representatives and pick 33 governors, plus other state and local officials.

The big fight is for congressional control, with the outcome in many decisive contests close. The best informed political soothsayers are frankly "guessing" on a handful of Senate seats. Few observers, however, expected the Senate or House to change control from the Democrats, barring a GOP landslide.

The Senate is now divided 54 Democrats to 42 Republicans. The most optimistic GOP forecasts suggest a gain of five seats. To win control, the Republicans must hold their own and gain seven Democratic seats.

Democratic spokesmen are more optimistic now than they were a month or six weeks ago. They hint at surprising gains in states like Idaho and Connecticut, where a few weeks ago Democratic candidates were the underdogs in pre-election speculation.

Nowhere else in Europe or Asia are there hydroelectric projects as large as the giant Japanese-built Yalu installations, and Suhoi Dam is believed to be the world's fourth largest—exceeded only by Shasta, Hoover, and Grand Coulee dams in the United States.

The spokesman expressed the belief that 290-foot Suhoi Dam at Supung can generate only 300,000 to 400,000 kilowatts at present compared to a 600,000 kilowatt capacity five years ago.

He said this was because Russia is understood to have removed two of the plant's seven generators and taken them to Russia.

along side North Koreans. They also said the Kremlin move may have stemmed from its concern over plans for rearmament of West Germany.

Any Russian discussion of the inclusion of Germany in the anti-Communist defense force, they added, would be in the light of Soviet claims that such a move stands to violate the Potsdam agreement of World War II.

Four proposals regarding Germany were made by the Prague declarants for what they termed "the maintenance of peace and international security in Europe. They were:

1. Creation of an "all-German constitutional council" to prepare for establishment of an "interim Democratic, peace loving all German government."

2. A big four proclamation barring remilitarization of the former enemy nation or its involvement in "any aggressive plans."

3. The "undisputed conclusion of a peace treaty with Germany."

4. "The removal of all hindrances in the road to the development of a peaceful German economy and the inadmissibility of the rehabilitation of the German war potential."

DON'T TRADE RESULTS
FOR MERE PROMISES

Here in Lawrence County we have seen real evidence of Republican progress in the past three years.

Millions of state money have been poured into new highways in this county and all of us are benefitting.

Here are just a few of the improvements we have received in the past three years. Highway 422 west of New Castle to the Ohio line. Highway 18 from New Castle towards New Wilmington. Highway 422 east from New Castle towards Dixie Inn, now under construction. Highway 108 towards Harlansburg, now being built, a new bridge across the Neshannock Creek, in New Castle, at the foot of Mercer Street, now being built. Highway 18 from Mahoningtown to Homewood will be up for bid within a short time. A long section of the Frew Mill road, just completed. These and many other highway improvements have been made because the Republican administration believes in progress.

The same thing holds true for this election.

The Republican party does not endeavor to compete with the Democrats in promises. But the Republican party keeps its promises.

Remember the Democratic promises of 1934? They promised a clean, honest administration, one of progress and decency. Remember the gravel scandal—or the highway payroll padding—or the three per cent club?

Remember those things now when the Democrats are promising everything but the dome of the capitol on toast.

Don't trade results for promises.

Vote for Progress in Pennsylvania.

YW Fellowship Dinner Monday

Westminster Foreign Students To Speak

A splendid program is planned for the annual YWCA World Fellowship meeting to be held in the Cathedral dining room on Monday evening with a tureen dinner beginning at 6 o'clock.

Y. W. Players

The YW Players will make their debut of the fall season with a presentation of a short comedy, "Give the Audience a Chance." It is about a group of people at the theater who are enjoying a musical comedy. The things that happen are what generally happen to some people who go to the theater to be entertained. They usually put on an act as well as the actors and that is what this audience does in the play.

Taking part in the play are Jim Aschom, Fred Beard, Miss Marilyn Cypher, Mrs. Phyllis Gibson, Jim Leisure, Mrs. Frank McGinn, William McClintock, Byron McConnell, Edna Nunn, Jean Nunn, Miss Margie Panella, and John Wein-gartner.

Students To Speak

In addition to the play another fine treat will be the two talks by Miss Velta Akmentins of Latvia and Andy Liaupsin of Lithuania, both students at Westminster College.

Miss Akmentins has chosen as her subject "My Native Country, and Why We Left There." She was born in Ape, Latvia, in 1930 and came to the United States with her family in October, 1949. Her parents, Mr. and Mrs. Richard Akmentins reside in Harmony, while a married sister lives in North Dakota. Her major at college is in medicine.

Andy Liaupsin, majoring in the social sciences, will speak on "The Work of the YM-YW Among the DP's in Germany." Mr. Liaupsin plans to give part of his time over to sort of an interview with Mrs. Roy A. Long who will preside and also to answer questions from the audience. He knows people are interested in learning how he came to the United States and what his first impressions were of the Americans.

Mr. Liaupsin was born in Klaipeda, Lithuania in 1926. His life was a happy one until 1944 but from then on he and his father, worked as forced laborers digging trenches for the Germans. His mother and sister were taken to Germany to work on a farm there. Later he, with two others fled the work camp and finally landed at Thuringen, Germany, where United States troops took them to Munich. Here they lived until 1950. On account of a broken leg Andy did not leave for the United States until three months after his family. He has been a member of the YMCA since 1946.

The program is exceptionally fine. All YWCA members and friends are urged to attend. Reservations should be made through

the church captains or at the YWCA office. At booths lovely gifts may be purchased for Christmas including bells and brass dishes from India, articles from Mexico and hand-made crocheted articles. All proceeds go to help the local association meet its share for world YWCA work, the amount of \$450.

Plans To Estimate Cost Of Collecting Leaves From Streets

E. Gene Schweinsberg, head of the department of streets and sewers, intends to compile a cost of employees gathering and disposing of leaves this fall, he stated.

During compilation of the budget Council gave some time to the cost of ashing streets, removing tin cans and gathering leaves.

Not all cities ash streets, nor do they collect cans. However, this practice has existed for years. Stanley Treser, former councilman, is believed to have originated the ashing of streets to prevent cars skidding on slippery hills in the winter time.

The tin can removal was started by former Councilman D. O. Davies, and leaves have been collected for years.

The city trucks collected leaves after they were swept into the streets. However, they have been required to make return trips to some streets.

Police To Arrest Double Parkers

Chief Robert D. Hanna instructed Lieutenant Thomas Jones and traffic patrolmen to enforce the prohibition against double parking. Officers were ordered placed in all heavy traffic streets.

Your New Social Security

By MYRON MILBOUER

(Manager of the New Castle Social Security Office)

(Number 16)

I had just issued a social security card to a man. He slipped it into his wallet and picked up his sample case—he was a salesman—but didn't leave. I knew there was something on his mind.

"My gripe is the years I spent on the blue Mediterranean in World War II. Blue is the word for it—and me, too. There I was, fresh out of school, ready to go to work and earn to get married. So what? Instead of landing at the altar, I land at Casablanca. And I stick around for the Italian tour! Sure, the little girl waited for me, but the job I'd figured was made to order for me went to another guy. I come back and start totin' this sample case. I know what you're going to say. Beginning January first, a traveling or city salesman comes under social security. His earnings will be counted toward old-age and survivors insurance benefits for himself and his family when he is 65, and for his survivors if he should kick off. Well, the guy who got the job I didn't get has been covered by social security right along. Probably fully and permanently insured by now. Oh, well, 'c'est la guerre!'

He really started to leave this time. I called him back. Obviously he had seen service be-

tween September 16, 1940, and July 24, 1947. "Sure, I stayed for the whole show," I explained that the amended Social Security Act provided wage credits for his period of service—\$160 a month for each month. He got out his memo and pad and started figuring. After a moment he looked up. He was no longer as blue as the Mediterranean. "Say, the guy who got the job I didn't get hasn't done so much better'n me after all . . . at least at protecting his family with social security."

"Thanks and so long. Think I'll knock off this afternoon and take the missus to a matinee."

CHURCH GROUP MEETS

Twenty members of the Methodist W.S.C.S. assembled Thursday night in the church auditorium for the monthly meeting.

Mrs. John Allen and Mrs. Harry Huffman were the leaders. Following the devotion in charge of Mrs. Allen, the topic: "Health In A Rural Community" was discussed. Mrs. Allen offered prayer. A duet, "Wonderful Words of Life" was

sung by Mrs. Ray McBride and Mrs. Frank Mielke. Miss Ann Davis read the scripture and Mrs. Guy Davis gave the poem "A Farm Hymn." The program closed with the singing of "America The Beautiful," by the group.

During the business session conducted by Mrs. McBride, president, it was decided to have a book review of "The White Witch Doctor" on the evening of November 15, in the church.

After prayer led by Mrs. McBride, the group adjourned to the dining room where delicious refreshments were served by the social committee, Mrs. Mabel Allen and Mrs. Edward Snare. The table was centered with a beautiful bouquet of fall flowers.

The December meeting will be in the form of a Christmas party and a gift exchange will be a feature.

APPOINTMENT IN KOREA

30,000 American Men and Boys Killed — Wounded — Murdered

By reason of the victories achieved by its armed and industrial might, when World War II finally ended September 2, 1945, our nation had become the most powerful of all the nations of the world.

The custody of that victory and of that leadership, won at a terrific cost in life, pain and sacrifice, was accepted by a Democratic President and a Democratic Congress.

Since V-J Day, this same Democratic administration asked and received from the taxpayers over Fifty Billion Dollars which, it asserted, was needed to protect, maintain and guarantee the world leadership and the peace that was entrusted to it. (This Fifty Billion Dollars does not include additional billions given in aid to other nations).

Let's look at the record and see how President Harry S. Truman, supported by his Democratic Congresses has fulfilled the sacred responsibility of safe-guarding our victory, our peace and our leadership.

The two most important posts in the National Administration are those of Secretary of State and Secretary of National Defense.

President Truman chose for the position of Secretary of National Defense, one, Louis Johnson, because Louis Johnson had collected the most and the biggest checks for Truman's presidential campaign. Up until the invasion of Korea our whole program of National Defense was directed by this man.

President Truman chose for his Secretary of State, Dean Acheson, the man who had sponsored the traitor Alger Hiss and who, after Hiss had been found guilty, had the effrontery to inferentially sneer at the American system of justice in his arrogant apology for Hiss.

On Acheson's advice, Truman remained silent while the Reds took over Poland. On Acheson's advice, Truman

made it possible for the Reds to take over China. On Acheson's advice and with full knowledge that the North Korean army under Russian direction was set to invade South Korea, Truman ordered our troops out of South Korea. On January 12, this year, Truman approved a statement by Acheson which told the world we were not interested in Korea—that that country was west of our Pacific security line. A few months later, after our troops had been withdrawn, the North Korean Reds invaded South Korea.

Overnight, sensing the rising temper of the nation, the Acheson-Truman axis changed its collective mind. MacArthur was ordered to mobilize our untrained and unequipped Japanese occupation troops and forced to use them as cannon fodder to hold back Russian-made tanks and Russian-armed barbarians.

Despite the Fifty Billion Dollars given to our defense agencies since V-J Day, our state of unreadiness for war was dramatically portrayed by the mother of a son killed in action: "My boy never even had basic training." Said his pals: "It took only one month to get us into combat—and three weeks of that month has been spent traveling."

South Korea would never have been invaded if there had been at the head of our State Department a man of stature, firmness and common sense.

After five years of effort wasted, after Fifty Billion Dollars had been dissipated in a so-called defense program, after other billions of dollars worth of war materiel had been shipped to European nations whose armies at this late date have yet to be coordinated—then—

Just as the political campaigns are getting under way, Truman, dramatically drafts Marshall, flies across the Pacific to be photographed with MacArthur, the man he gagged on the Chinese problem,

with the latter's mother, Mrs. Amelia Collins of New Brighton, spent Thursday with relatives in Freedom.

The condition of William Sanders who is undergoing treatment in the Mercy Hospital, Pittsburgh, remains unchanged.

Frank Ferrante, of Pittsburgh, is spending a few days with his father, Luigi Ferrante, of Beaver street.

American Education Week Will Be Observed Here

November 5 to November 11 has been set aside as American Education Week. This is the time when public attention is focused on education and its contribution to the democratic way of life. The program was established thirty years ago "to secure for America a program of education adequate to meet the needs of the twentieth century." The purpose of this goal was to give every boy and girl the education and training to make him, above all, a good American citizen.

In view of changing conditions, the scope of American Education Week has been broadened in the past few years; however, the basic aim has always been to improve schools and to make education available to as many people as possible.

To Stimulate People
With threats of communism and dictatorships facing us, it seemed appropriate this year to choose the theme, "Government of, by, and for the people." It is hoped that this theme will stimulate people all over the country to recognize and appreciate life in a democracy.

Our public educational system faces the tremendous task of training and educating future citizens. It must show the advantages of living under a government such as ours in contrast to living under regimes ruled by fear, emotions, and force. The task is too big for the schools to do alone. It cannot be accomplished without the concerted action of home, church, school, and community. Together these agencies must develop pro-

grams to equip youth to live in the world of tomorrow. Together they must provide an educational program geared to modern living. Education is an investment in the future. Only properly trained citizens can assure for us future freedom, justice, and peace.

It is the responsibility of every American citizen to see that the schools in the community are providing programs adequate to meet the needs of our children, the future citizens of tomorrow.

THE FAMILY SCRAPBOOK

By F. R. ERNEST G. OSBORNE

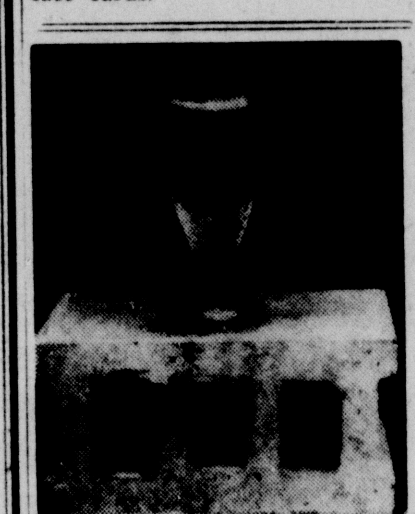

Card Games for the Young

The junior members of the family see Mom and Dad playing bridge or canasta or some form of solitaire. Naturally, they want to play cards, too. Here are some simple games that youngsters of five or older should enjoy.

Covering Pairs: Lay out eight cards face up. Using the remaining cards, cover any pairs that are showing (two 4's, two jacks, etc.) with a card. Continue playing cards on those already down until pairs disappear. The object of the game is to get rid of all cards in the hand.

Count Four: Lay out four cards face up. Look at the first and fourth cards. If they are the same suit, pick up the two cards in between and discard them. If they are all the same number, discard all four cards. If the first and fourth don't match either way, add another card and count back four from that card. Then play the same way as described. Object: to discard all cards.

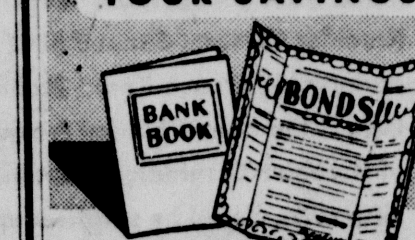

Elevens: Deal out 12 cards in three rows of four, face up. When ever face cards appear, place them at the bottom of the deck you are holding for later use. To play, cover any two adjoining cards which add up to 11 with a face card. If you win all the other cards can be covered with your face cards.

Portersville Planning For Fire Department

A meeting was held Thursday night at Naser's building, on route 19 in Portersville, to start organizational procedure in setting up a volunteer fire department. Rev. Hall gave the invocation.

William Brown was the acting chairman of the meeting. Howard Aspinwall, chairman of the fire department committee, introduced D. H. (Doc) Weigle, chief of the Harmony volunteer fire department, who spoke on the ways and means in maintaining a volunteer fire department and the organizational procedure in helping neighboring communities protect themselves against fire loss.

Mr. Aspinwall also called on Harry Leathers, chief, and James Gibson, assistant chief, of the Slippery Rock township fire department, and Mr. Fenick, chief of the Slippery Rock borough fire department, who very ably described to the group how their departments were started, the type of equipment needed, their rescue squad operation, ways and means of buying the best equipment, and the complete protection that a volunteer fire department gives to schools, stores and all buildings in a community and in outlying districts.

The meeting was opened to questions and answers by the Portersville area residents and the firemen described the advantages that a growing community will have with a volunteer fire department to protect property of the community and surrounding areas.

After further discussions on community and civic affairs the meeting was adjourned until December 7, when Mr. Aspinwall and his fire department committee will submit charter applications for membership to the Portersville area residents who wish to support a volunteer fire department.

Seventh Ward Notes

Andrew Di Bacco of 220 East Clayton street, barber, who has been confined to the New Castle hospital with illness since Monday, is a little improved.

Mrs. G. D. Rainey of Darlington avenue is steadily improving. Mrs. Rainey, in a fall at her home two months ago, suffered a fractured shoulder.

We noticed Friday, fronting a residence on East Clayton street, between North Liberty and Cedar street, a number of nicely blooming bronze dahlias.

Much progress has been made lately on the gasoline station being erected at corner of Liberty and East Madison avenue. The front and side sidewalk is being repaired and new walk is being installed.

On Liberty street the large water pipe crossing the street, attached to the B. and O. railroad bridge, has been covered by employees with two inches of felt, then wrapped in tar paper to prevent water freezing. Pipes carry water to standpipes on either side of the bridge to furnish water for locomotives.

At Mahoning school, 7-201 class officers are: Dennis Stone, president; Cecelia Nuzzio, vice president; Francis Cardella, secretary; Sylvia Lombardo, treasurer.

FATALLY CRUSHED

PENNSAUKEN, N. J., Nov. 4.—(INS)—George Muchler, 62, a Pennsauken auto mechanic, was crushed to death today by an automobile in which he was working. Police said the jack supporting the car slipped, and the vehicle fell on Muchler.

Rotary club's show, "Red Hot and Blue", is going to give the public plenty of pulchritude. One of the many gorgeous dance ensembles is the cowgirls. These beautiful "zals" sitting on the old top rail are "six-shootin'" "lasso twirling" demons. Their specialty number will give all the color of the wild and woolly west to "Red Hot and Blue". The high-steppin' beauties are: (left to right—1st row) Sandy Smathers, Dorothy Cifra, Dolores Hruska, Bette Monaco and Naomi Simon. (2nd row) Ruth Hughes, Lois Simon, Nancy Burkholder, Sandra Chill and Ruth Sampson.

School Displays Are Planned For Education Week

Many students in the New Castle schools have been busy working on projects to be displayed in store windows during American Education Week.

These displays will represent many phases of student activity. They will include work from English and art departments, orthographic backward classes, vocational and adult education classes and many others. One display will feature the audio-visual aids that are used in our schools.

The work shown will give parents and citizens in the community an opportunity to see the results of the many subjects which are stimulating the cultural interests of our children.

Merchants of New Castle have helped make these displays possible by releasing their window space for Education Week.

Bridge Construction Work Progresses

Work on the construction of the new bridge over Neshannock creek from Grove street to South Jefferson street, is progressing.

Most of the steel construction work on the eastern half of the bridge is completed, and will soon be ready for the flooring. The steel girders for the western half of the bridge have not arrived at the site as yet, however.

It had originally been planned to have the bridge completed by the start of winter, but present indications point to the fact that it will be some little time yet before the bridge will be in use.

Victory Class Meeting Change

Victory Bible class of St. John's Evangelical Lutheran church will meet at the home of Mrs. Frank Wimer, 460 East Washington street, Friday, Nov. 10.

Miss Jennie Peterson will be associate hostess.

Plant Purchases Acreage At Ellwood

ELLWOOD CITY, Nov. 4.—The Ellwood City Industrial Corporation's board has approved sale of 4.17 acres of land on the Beaver Falls-Ellwood City road (Route 88) to Glass Products, Inc., whose present property adjoins the site. The acreage will be used for expansion of the plant's facilities.

The Industrial Corporation purchased the land two years ago from Mrs. Sam Hazen.

The corporation has also set a price on acreage on the Koppel-Ellwood City road known as the Frank Hart farm. An automotive firm has revealed it will send men to Ellwood early next week to look over the property which is only 2.4 miles from the Beaver Valley entrance to the western extension of the turnpike. The railroad siding at the site, presence of all utilities and the proximity of the turnpike are expected to influence the firm to look favorably upon the property.

Rick Home From Races

Army Hal Sets Canfield Mark

Joe Rick and his string of trotters and pacers are home from the races, his string having campaigned at Northville, Detroit and the Wolverine track, Detroit, Canfield and other Fair tracks and 60 days at Toledo.

Mr. Rick, who operates the J. R. Rick stock farm, Harlansburg road, which is route 108, said he had a nice season, experiencing a lot of pleasure and while his horses did not race for as much money as previously, they did a lot of good.

His trotters consisted of Porter Day, Volarian, Captain Pat, Abbe Astra, and he explained his two-year-old trotter, which he raised and trained himself, Mu Son's Bob, looks very good.

At Canfield, Army Hal (stud), who has a record of 2:04, set a new

mark for the half-mile track at Canfield, winning in 2:05 1-5. He also raced his pacer, Mr. Nib. Forty head of horses are at the Rick stock farm, and visitors are always welcome, Mr. Rick stated.

Trap And Skeet Shoot Will Be Sunday Event

There will be a trap and skeet shoot Sunday at the Harbor Sportsman range, 2 to 6 o'clock, it was announced today by Paul Crable. All shooters are invited to participate.

Also there will be an oldtime muzzle-loading shoot, it was announced by Al Matson.

TRIPLETT JOINS ARMY

PHILADELPHIA, Nov. 4.—Former Penn State backfield ace Wally Triplett stacked away his football gear today and donned the uniform of a recruit in Uncle Sam's army. The Detroit Lions' star, National Football league leader in kickoff returns, was sworn into service at Schuykill arsenal in Philadelphia.

MIAMI WINS SIXTH

MIAMI, Nov. 4.—(INS)—The undefeated Miami university Hurricanes trounced Georgetown, 42 to 7, at the Orange Bowl stadium last night for their sixth victory of the season.

FEARFUL LITTLE EARFUL

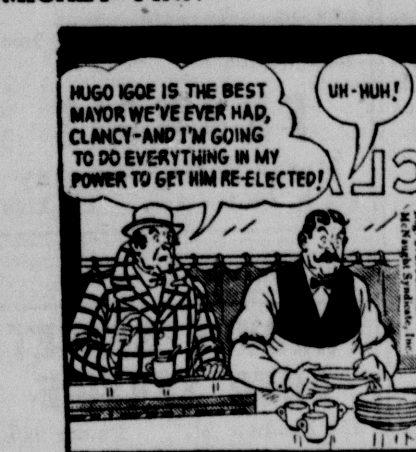

OMP, STOMP, STOMP, the villain is marching—beating a tattoo on the ear of the poor little wrestler outside the ring. But when it was all over the match was declared a draw and everyone went home happy. The gentlemen (ahem) participating in this mat mayhem in Frisco are Frederick Von Schacht (top) and Mike Sharpe. Pro Leaders Face Toughies

(By International News Service) Philadelphia, Cleveland and the New York Giants—running one, two, three in the American conference of the National Football league—meet the three second division clubs tomorrow.

But none of the leaders expects a soft touch in the constantly improving also-rans. Philadelphia meets the dangerous Pittsburgh Steelers, Cleveland plays the upset-minded Chicago Cardinals and the Giants entertain Washington.

In the National conference, the first place New York Yankees are idle. They can't lose their lead—or be forced to share it—even if the second-place Los Angeles Rams defeat San Francisco.

Green Bay plays at Baltimore with the Colts still looking for their first win of the year.

QUESTIONS

1—Can a naturalized citizen represent the United States in the Olympic Games?
2—How often have foreigners won the U. S. Amateur Golf title?

ANSWERS

Scout Jocko Collins lured Del Ennis from a Philadelphia high school diamond eight years ago. He watched the outfielder wallop a few and then handed him an eight-cent trolley token with advice to see the Phillies management.

Boy Injured When Struck By Auto

James Porado, aged 6 years, of 304 South Ray street, was treated at the Jameson Memorial hospital, at 5:30 p.m., Friday for a bruise of the forehead and abrasions of the right leg, received when he is said to have walked into the side of a car on Ray street, near his home.

R. W. Shaffer, 8271 East Washington street, told police the lad ran from the rear of a parked car against the fender. He took the boy and his mother to the Jameson Memorial hospital and procured a physician to attend to the boy's injuries.

MARINES BATTLE CHINESE TROOPS

(Continued from Page One)

In an official statement included at least 20,000 Chinese, was aimed at the key communications center of Kunuri. Field dispatches estimated the Chinese troops number 50,000.

Fights Way Back

A battalion of the U. S. 24th Division troops facing encirclement on the north bank of the Chongchong fought its way back past an enemy road block after being cut off for several hours.

About half the personnel of another "lost battalion"—this one from the famed U. S. First Cavalry Division—also reached safety and American officials expressed confidence that a much greater percentage of the unit would return to friendly lines later.

A First Corps spokesman said "enemy pressure existed all along the Chongchong river defense line but it was not heavy"—in contrast to the stiff fighting under way in the ROK area to the northeast.

Marines Advance

International News Service War Correspondent John Rich reported the First Division Marines in fierce hand-to-hand combat with Chinese troops took the town of Sudong, 18 miles south of Chosin (Changlin) reservoir, at 12:30 p.m. Saturday (10:30 p.m. Friday CST).

Rich said the Marine advance toward the vital hydroelectric and power installations continued past Sunday against much lighter resistance.

Mag. Gen. E. M. Almond, commander of the 10th Corps, which includes the Marines, said the U. S. Seventh Division on the leathernecks' right flank advanced four miles west of Pungsan and was still advancing Saturday night.

The drive brought the veteran United Nations troops to the water of the Umi reservoir, some 60 air line miles northwest of their jumping off point of Iwon. The Seventh had the distinction of being the northernmost United Nations troops as they reached a point approximately 120 miles east by north of the abandoned United Nations Forces outpost of Choson on the Yalu river.

One of Few Bright Spots

The marine's victory was one of the few bright spots in an otherwise dark picture for the United Nations, who were assailed anew in the northwest sector by what front reports said may be as many as five Communist divisions.

An Eighth Army spokesman estimated the Chinese divisions total 10,000 men each but an official statement said only that numbers of Chinese Reds involved were sufficient to make up "at least" two divisions.

"The Eighth Army confirms that Chinese Communist units in contact are in sufficient numerical strength to be the equivalent of at least two divisions."

This was the largest official estimate to date of the number of Chinese troops committed. Thursday a spokesman admitted large numbers of Chinese were involved in the fighting added "only question remaining was whether or not they 'represent the Chinese government'."

The latest carefully worded statement steered clear of any such speculation, however, and did not say the Chinese were integral parts of China's Red army.

Well Trained Troops

Eighth Army sources said however, the Chinese troops are well-trained and aggressive.

A spokesman for Gen. MacArthur's headquarters said Communist air activity had diminished to the vanishing point, with no enemy aircraft reported Friday or until noon Saturday.

But the official quoted the Soviet Khabarovsk radio as reporting North Korean pilots were receiving "special training" and that pilots who strafed the 24th Division earlier this week had received "special training."

The new flare-up on the northwest front came after a comparative lull of 36 hours, with a total of perhaps 130,000 Communist engaged against Allied forces tacitly admitted to be on the defensive for the first time in nearly two months.

Heavily Engaged

Across the Chongchong elements of the U. S. 24th Division also were heavily engaged north and northeast of Pakchon.

The enemy drive against Wonni was a renewal of their offensive designed to cut off the core of the United Nations forces in the northwest and break through to the rail and highway network north of Pyongyang, less than 50 miles south of the new defense line.

A spokesman at MacArthur's headquarters announced that about 50 percent of a "lost battalion" of the First Cavalry Division, cut off in the early stages of the Red counter offensive, had filtered back to friendly lines.

The spokesman added that unconfirmed air reports indicated the remainder of the battalion had been spotted by air observers. He said:

"We believe we know where the rest are."

The spokesman said military security made it necessary to use "close-mouthed" about the whereabouts of other First Cavalrymen and units of the 24th Division, the British Commonwealth Brigade and South Korean elements who suffered the brunt of the Communist counter offensive.

Defectives Arrest 11 Numbers Men

Since Detectives Boyle and Siger were paired together by Police Chief Robert D. Hanna in an effort to stop the sale of numbers in the city, they have made 11 arrests, each of the defendants having been prosecuted in aldermanic courts.

Poetry Group Hears 'The Cocktail Party'

A dramatic and interesting review of "The Cocktail Party" by T. S. Eliot, was given at the Friday evening appreciation meeting of the New Castle Poetry Group.

Mrs. C. R. Brenner, a member of the group, and well known book reviewer, presented the review. The session took place in the public library at 7:30 p.m.

"The Cocktail Party" is a poetic play in three acts, and can be really typed as a psychological study of people. At present the play is enjoying a Broadway run.

Routine business was conducted during the meeting, with vice-president Mrs. George Henderson in charge. A discussion of the Poetry Group's calendar project took place. The play review followed, with Miss Garnet Rhodes, program chairman introducing Mrs. Brenner.

The workshop meeting scheduled for Friday evening, November 17, will be at the home of Mrs. C. R. Brenner, Huron avenue.

Protest Building Of Standpipe At Farrell

FARRELL, Nov. 4.—Farrell city council has promised to go along with residents in their protest against the Shenango Valley Water Co., which plans to build a 4,800,000 gallon standpipe on the Sharon-New Castle road.

Residents of the area where the tank is to be erected stated that the proposed tank would cause a sharp decrease in the valuation of their property. The area had previously been set aside as the only exclusive residential zone in the city.

The water company was told by Farrell's mayor that "despite the benefit Farrell will receive from the standpipe, if the people are against it the city will do everything in its power to block its construction." Condemnation proceedings have already been started by the water company to secure land for the project.

Police Recapture Four Prisoners

Four men who obtained their liberty through a misunderstanding by police yesterday had it only temporarily, the quartet having been rounded up by officers within two hours.

They gave the names of Joe Samuels, Homer Hoon, Martin Brown and Edward Hanley.

Samuels was fined by Mayor Haven \$10 and costs for disorderly conduct.

Hoon was charged before Alderman J. C. Brice with larceny of a sweater and "uto jack from the car of Donald Shoaff, R.D. 9, packed in Shenango street."

Brown and Hanley were charged by Police Captain W. C. McMullen with being "tramps."

Alderman Brice held Hoon, Brown and Hanley for court trial.

Memorial Service At St. John's Church

Rev. A. E. Simon, pastor of the church, has chosen "The High Road and the Low" as his sermon theme.

'Men Are Simply Wonderful'

NEW YORK, Nov. 4—(INS)—I've said it before and I say it again: Men are simply wonderful. I believe men are every bit as good as women and I certainly hope they win that equal rights battle one of these days.

I have always thought that one of the biggest arguments in favor of men is the fact that the woman who wrote "Live Alone and Like It" got married three or four months after the book was published, and not only to a man but one with oodles of money.

Well, I simply don't understand how women who live alone manage the great crisis of life without a man or men to take charge.

I have just been through a ghastly experience and without my spouse, and Red and Junior and eight or nine other wonderful men, I wouldn't be here today to tell the tale. I'd be in a snake-pit instead.

Because we have moved. After almost seventeen years in one spot, we have picked up the Robb lare and penates and moved them five blocks south to the dream apartment my spouse and I have been hunting ever since the war (No. 11) ended.

Find New Apartment

(Yes, Virginia, there is a Santa Claus: After almost five years, we have found a new apartment.)

It was my husband, not I, who produced the moving firm that in turn, brought Red and Junior

into my life. Red arrived at the old apartment ten days ago to case the joint. I was stunned by his Chesterfieldian manner, his bright curly red hair and his solemn promise not to bust the meisen cake plates.

"Don't touch a thing, ma'am," said Red, bowing from the waist. "We pack everything, clothes, cosmetics, china, books, the medicine cabinets. You just go to the new apartment and we bring everything right to you."

"It's better than atomic energy!" I said to my husband. "I got nothing to do but worry."

"Any guy who volunteers to pack your cosmetics and the medicine cabinets is either a sucker or a genius," said my ever-loving.

Came the fatal day, and there stood my spouse, four-square.

"But aren't you going to the office?" I asked.

"No," he said firmly, with a look and inflection that plainly said this is man's work and not fitten for a frail flower.

"Why, honey," I cried, "I think you are simply wonderful!"

And then some people say that men are no better than they should be!

Towers Of Strength

He and I were twin towers of strength throughout this terrible day in which a home I had dearly loved was dismantled and everything Add and I have collected with such pleasure—the old mahogany polished cherry, the books and prints—suddenly looked worth not more than \$9.98 stacked in the middle of the new apartment floors.

"Good grief!" I sobbed around 7 p.m., as I gazed at my dusty, disorganized lare et penates.

"don't tell me that junk belongs to us!"

And with that this wonderful man produced a chilled bottle of champagne.

"Just a little something I whipped up to toast the new home," he said, as if we drank champagne every day.

And then he hustled me off down the street to a good restaurant and a good meal.

But moving day is moving day, and when we started back to the new apartment around 9 p.m., I was dog-tired. As we tottered under the canopy of the new building, I heard a long, low, vibrant wail call. I looked around, feeling certain Rita Hayworth must suddenly have arrived on our street.

"Part Of The Service"

I looked up and there, hanging on the end of the truck, discharging its last load of weary furniture, was Junior, the fat boy, who had consumed endless bottles of soft drink during the day. And Junior wail-whistled again and winked—at me!

It was like the smell of smoke to an old fire horse.

"Bless you, Junior," I cried as I fairly pranced into the building.

"Think nothing of it, ma'am," said Junior modestly. "It is just part of the service."

"Junior, darling, I don't care what it is," I said, "you have made a new woman of me on moving day. And there are a dozen bottles of Soda Pop waiting upstairs!"

Is it any wonder that I think men are just marvelous!

BRIDE MARRYING IN GROOM'S HOME

"I am uncertain about plans for my forthcoming wedding. My fiancée and I are both past 40. My mother has been ill for some time and I wondered if I might have my wedding at the groom's house to be married by his father who is a minister. We will have only a best man and a maid of honor and members of the immediate family. Our first plan is for the four of us to have dinner and then for us to leave immediately. Now we think we might have a small reception in the church basement. Do you think that at our age we should have no reception? Do you think a street-length blue dress would be correct? What length sleeves? What about a hat? At a home wedding, do the bride and groom face the guests? Who pays for the bride's and the bride attendant's flowers? Who pays for the wedding pictures? Should the organist and the soloist be paid or given gifts?"

Answer: It is preferable, of course, for the bride to marry in her own home but because of the circumstances in your family you may be married by the groom's father in his home. It would be entirely correct for you to have a reception in the basement of the church.

Every bride is privileged to have a reception and I am sure no one will criticize you for having a reception at your age. Light blue would be very attractive—either long or short sleeves according to your preference. Wear a hat or flowers in your hair—something to complete your ensemble. The clergyman faces the congregation—the bride couple have their backs to the guests—just as in a church wedding. The groom pays for the bride's and the maid's flowers. Corsage are usually worn by the bride and

her attendant who wear street-length clothes. The bride should pay for the wedding pictures. If they are personal friends, give soloist and organist gifts; otherwise pay them their usual fees.

Will Observe Anniversary Of Gettysburg Address

HARRISBURG, Nov. 4—Anniversary of the delivery by President Lincoln of the famous Gettysburg address will be observed at Gettysburg in special ceremonies on November 19, says Theodore Roosevelt, III, Secretary of Commerce.

Lincoln delivered his address of less than 300 words when he dedicated the National Cemetery on the famous battlefield November 19, 1863. It has become known around the world.

The Lincoln Fellowship of Pennsylvania will observe the 87th anniversary of the delivery of the address with a special luncheon at noon. At two o'clock that afternoon the Sons of Union Veterans of Gettysburg will have charge of a parade from the center of town square to the National Cemetery where addresses will be delivered at the spot where President Lincoln spoke and where a wreath will be laid on the grave of one of

the unknown soldiers buried in the cemetery—a hero who died in the struggle in those early July days of 1863.

November 19 was designated as Dedication Day by the State Legislature and Governor James H. Duff is issuing a proclamation urging the reading of the Gettysburg address in the schools and other public assemblies and otherwise marking the anniversary.

Gettysburg Battlefield this year attracted more visitors than for many years according to officials of the National Park Service, and the Department of Commerce requests information about the famous battlefield from recreational travelers and vacationists have increased greatly over previous years.
